José Pedro Azevedo

Nationality: Portuguese | **Email address:** silvaze.jp@gmail.com | **Website:** https://www.linkedin.com/in/josé-pedro-azevedo/ | **Location:** Lisbon, Portugal

ABOUT ME

Senior Cyber Security Professional with strong experience in Governance, Risk & Compliance, Security Architecture and cross-functional project delivery.
Proven track record in coordinating multi-stakeholder initiatives, translating regulatory and security requirements into actionable objectives, and supporting complex environments within large enterprises.
Recognized for combining deep technical expertise with strategic thinking, communication, and execution focus across security programs, operations and transformation initiatives.

WORK EXPERIENCE

SENIOR CYBER SECURITY ANALYST – BNP PARIBAS – 01/06/2025 – Current – LISBON, PORTUGAL

Actively contribute to the **Cyber Security Program (GRC)**, supporting alignment of group entities with regulatory and security frameworks (DORA, NIST, ISO).
Act as a **coordination and communication point between group-level objectives and operational teams**, ensuring clarity of scope, priorities and expectations.
Support the **definition, refinement and continuous improvement of security and compliance objectives**, providing structured feedback and recommendations.
Participate in **cross-functional initiatives and side projects** aimed at accelerating compliance maturity, improving processes and mitigating risk.

- Facilitate **stakeholder alignment and decision-making** by translating regulatory and security requirements into clear, actionable goals.

CYBER SECURITY ARCHITECT – TLS CONTACT – 03/01/2022 – 31/05/2025 – LISBON, PORTUGAL

Led and supported **security assessments across multiple projects**, identifying risks, defining mitigation actions and supporting secure-by-design decisions.
Performed **vendor and solution assessments**, aligning technical requirements with compliance frameworks (NIST, ISO) and business risk appetite.
Maintained and reviewed **risk registers**, ensuring proper risk classification, ownership and follow-up.
Contributed to the **evolution of SIEM solutions**, including architecture reviews, CI/CD integration and evaluation of alternative platforms.
Performed **cloud security reviews** (AWS, Azure, country-specific solutions), supporting governance consistency across environments.

- Coordinated with software development teams to **prioritize, track and remediate vulnerabilities** identified through SAST, DAST, dependency and secret scanning tools (GitLab).

OPERATIONS MANAGER / SUBJECT MATTER EXPERT – NOKIA – 01/09/2017 – 31/12/2021 – ALFRAGIDE, PORTUGAL

Acted as **Operations Manager and Subject Matter Expert**, supporting implementation of security controls in non-IT managed environments.
Supervised and coordinated an **L1 support team (3 people)**, organizing tasks, setting priorities and improving operational efficiency.
Led **knowledge transfer initiatives**, documentation standardization and onboarding support.
Held responsibility for several operational security services, including Anti-virus, Log Monitoring, Vulnerability Management and Patch Management.

- Coordinated tool implementations, upgrades and operational improvements, ensuring alignment with internal stakeholders and service requirements.

CONSULTANT FOR MTN GROUP IN AFRICA – ERICSSON – 10/2015 – 06/2016 – BUCHAREST, ROMANIA

Coordinated a **team of 10 engineers**, managing task distribution, schedules and delivery according to client requirements.
Acted as the **main interface with the client (MTN)**, providing status updates, reporting progress and managing expectations.
Planned maintenance activities to meet **operational timelines and service requirements**.

- Created and maintained job aids and procedures to **standardize workflows and improve delivery efficiency**.

RADIO STREAMING - NETWORK IMPLEMENTATIONS ENGINNER – NOKIA – 05/2014 – 10/2015 – ALFRAGIDE, PORTUGAL

Multi-site & Cross-country Coordination

- Supported and coordinated **multiple simultaneous network installations** across international environments.
- Acted as a **central coordination point between field engineers and remote teams**, ensuring alignment and issue resolution.
- Worked in multicultural, multilingual environments, managing priorities and escalations effectively.

SUPERVISOR / MOBILE TRANSMISSION TECHNICIAN – NOKIA – 05/2012 – 05/2014 – ALFRAGIDE, PORTUGAL

Operational Supervision

- Supervised operational activities related to mobile network maintenance.
- Managed incident lifecycle (opening, follow-up and closure), ensuring timely resolution.
- Supported **knowledge transfer and onboarding of new team members**.
- Participated in on-call rotations, contributing to operational resilience.

EDUCATION AND TRAINING

2016 – 2017 Lisbon, Portugal
BACHELORS DEGREE IN TELECOMMUNICATIONS AND COMPUTER ENGINEERING Instituto Superior de Ciências do Trabalho e da Empresa - ISCTE

Networking

- Basic Architecture, transmission protocol knowledge;

Programming

- C [Beginner/Mid Level]
- Java [Beginner/Mid Level]
- Shell [Beginner/Mid Level]

Guided Telecommunication Systems (Optical Networks)

- Fiber Optics;

Radio Telecommunication Systems (Radio Connections)

- Electromagnetic Waves;

Information Security (Cyber Security Pillars introduction)

- Confidentiality, Integrity and Availability;

IoT introduction with Open Source tools

- OpenHab;

Field of study Information and Communication Technologies

LANGUAGE SKILLS

Mother tongue(s): **PORTUGUESE**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C1	C1	C1	C1	C1
SPANISH	B1	B1	B1	B1	B1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

SKILLS

Java | ShellScript | CSS | HTML | JavaScript | C | Git | Github | Linux | Windows | SQL | Object-Oriented Programming | Scrum | Agile | Trello | Service Now | Jira | NIST | ISO27001 | Cyber Security Governance | Risk Assessment & Risk Treatment | Control Design & Control Effectiveness | Regulatory Compliance | Risk Appetite Framework | Policy & Standards Management | Audit & Regulatory Readiness | Third-Party / Vendor Risk Management | Cross-functional Coordination | Stakeholder Management | Security Program Support | Project Security Governance | Delivery Tracking | Requirements Translation (Business ↔ Technical) | Prioritization & Roadmapping | Operational Planning | SIEM Architecture & Integration | Cloud Security Architecture | Threat & Risk Analysis | Defense in Depth | Secure-by-Design | Security Architecture Review | DevSecOps | Secure SDLC | Application Security | Vulnerability Lifecycle Management | SAST / DAST / SCA | Secrets Management | CI/CD Security Controls | Identity & Access Management | ServiceNow | AWS Security Hub | Azure Sentinel | ELK Stack | Qualys

COMMUNICATION AND INTERPERSONAL SKILLS

Communication and interpersonal skills

Experience working with diverse stakeholders, from technical teams to business and service providers
Strong ability to translate complex technical and regulatory topics into clear, actionable communication

ORGANISATIONAL SKILLS

Organizational skills

Coordination of multi-disciplinary teams and stakeholders
Task prioritization and workload distribution
Support to project delivery and operational planning
Continuous improvement of processes and documentation
