José Pedro Azevedo

Senior Cyber Security Professional | Security Business Partnering · Governance, Risk & Compliance · Security Architecture

Email: silvaze.jp@gmail.com | **LinkedIn:** www.linkedin.com/in/josé-pedro-azevedo/

Location: Lisbon, Portugal | **Nationality:** Portuguese

ABOUT ME

Cyber security professional with 14 years in technology, the last 9 in cyber security, across **security operations**, **security architecture** and **governance, risk & compliance** in large multinational groups.

I assess projects against policy and regulation (**NIS2, DORA, ISO 27001, NIST**) and turn requirements into clear decisions that business and engineering can act on. Known for building structure where there was none, from a secure SDLC to operational playbooks. Currently focused on the **security of AI and automation initiatives**.

WORK EXPERIENCE

CYBERSECURITY BUSINESS PARTNER – FLUTTER ENTERTAINMENT – 09/2026 – Current – LISBON, PORTUGAL (REMOTE)

- Security business partner in the **Group Cyber Security Engagement & Enablement** function, covering **People (HR), Legal and Service Management**, from SaaS to in-house systems.
- Assess projects against internal policies mapped to **NIS2** and **NIST**, issuing **go / no-go decisions** with clear remediation paths to approval.
- Focus on **AI & Automation initiatives**, and contributed to improving the team's **security review templates**.

SENIOR CYBER SECURITY ANALYST – BNP PARIBAS – 06/2025 – 09/2026 – LISBON, PORTUGAL

- Assessed **group entities** against BNP Paribas cyber security requirements, from **third-party risk** to **asset management**; **led 2 entities** and supported 7 more through remediation.
- Used **DORA as a prioritization lens**, tracking DORA-mapped requirements as urgent KPIs.
- **Go-to analyst** for **Secure Development** and **Vulnerability Management**; improved reporting and metrics **without reducing risk coverage**.

CYBER SECURITY ARCHITECT – TLSCONTACT – 01/2022 – 05/2025 – LISBON, PORTUGAL

Teleperformance group

- **Built the Secure SDLC from scratch**: **SAST/SCA before QA**, **DAST before production**, and critical findings blocking releases.
- Set up the **risk analysis framework** and gave security sign-off on new projects through **threat analysis and control definition**.
- Led the **SIEM review**, comparing market solutions, and the alignment with the group platform for cost reduction and centralized support.
- Ran **vendor security assessments** and **cloud security reviews**, and supported **ISO 27001** and government client audits.

CYBER SECURITY PROFESSIONAL – OPERATIONS LEAD – NOKIA – 09/2017 – 12/2021 – LISBON, PORTUGAL

Cyber Security Hub · Operations Lead from 2019

- **One of the first 4 members** of the Cyber Security Hub, securing labs and client-facing DMZs across **~8 business units**.
- **Led Operations from 2019**, managing a **front-line team of 3 in India**.
- Delivered **100% Qualys coverage**, **~98% endpoint protection** coverage, and a redesigned **Logstash → QRadar** logging pipeline.
- Drove **hardening and patching** (gold images, WSUS, Linux checks) and maintained the security guides used across business units.

NOC CONSULTANT & TEAM LEAD – ERICSSON – 10/2015 – 06/2016 – BUCHAREST, ROMANIA

- **Chosen as team lead** for a **13-person** NOC project for a leading African mobile operator, owning procedures, SLAs and project metrics.
- Then **set up the NOCs for Cameroon and Mali** on my own, through to handover.

RADIO NETWORK INTEGRATION ENGINEER – NOKIA – 05/2014 – 10/2015 – LISBON, PORTUGAL

Network Integration Center · Radio Stream team

- Integrated radio sites (**2G to LTE**) into operator networks across **Brazil, Spain and Colombia**, working remotely in **Spanish and English**.
- Selected for the **Radio Stream team** of experienced engineers deployed across projects.

NOC ENGINEER – MOBILE TRANSMISSION – NOKIA – 05/2012 – 05/2014 – LISBON, PORTUGAL

Network Operations Center · 24/7

- Monitored and troubleshot a major Spanish operator's **mobile transmission network** in a **24/7 rotation**, owning incidents end to end.
- Became the team's **most experienced member**, **trained newcomers** and **wrote many of the team's procedures**.

EDUCATION AND TRAINING

BACHELOR'S DEGREE IN TELECOMMUNICATIONS AND COMPUTER ENGINEERING

ISCTE – University Institute of Lisbon · Lisbon, Portugal · 2017 · Field of study: Information and Communication Technologies

LANGUAGE SKILLS

Mother tongue(s): **PORTUGUESE**

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C1	C1	C1	C1	C1
SPANISH	B1	B1	B1	B1	B1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

SKILLS

Governance, Risk & Compliance: NIS2 | DORA | ISO 27001 | NIST | Security Project Assessment | Risk Assessment & Treatment | Third-Party / Vendor Risk | Control Design & Effectiveness | Policy & Standards | Audit Readiness

Security Architecture: Secure-by-Design | Threat Analysis | AI Solution Security Reviews | Cloud Security (AWS, Azure) | SIEM Architecture & Integration | Web Application Firewall (WAF) | Defense in Depth

AppSec & DevSecOps: Secure SDLC | DevSecOps | SAST / DAST / SCA | Vulnerability Management | Secure Development Assessment

Security Operations: SIEM (QRadar, Sentinel, Exabeam, ELK) | Vulnerability Scanning (Qualys) | Endpoint Protection (Symantec) | Patch Management (WSUS) | OS Hardening | Incident & Root Cause Analysis

Leadership & Delivery: Stakeholder Management | Business Partnering | Team Leadership | Cross-functional Coordination | Procedures & Playbooks | Training & Mentoring

Tools & Foundations: Jira / Confluence | ServiceNow | Git / GitHub / GitLab | Linux | Windows | Shell Scripting | SQL | Java | C

INTERPERSONAL AND ORGANIZATIONAL SKILLS

Communication

- Turning technical and regulatory topics into clear decisions
- Engineering, business, vendors and government clients
- Multicultural, multilingual teams

Leadership

- Chosen by peers as team lead
- Led an offshore operations team
- Training and mentoring newcomers

Organization

- Risk-based prioritization
- Cross-team coordination
- Process and template improvement
